

Creating an LC-Ready account will allow you to view and use your apps on multiple devices, including through the free LC-Ready mobile app. There are two easy ways to create your account.

1

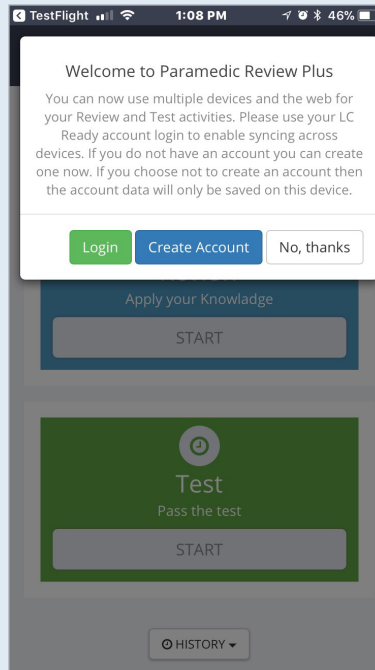

Go to LC-Ready.com and click the **SIGN IN** button at the top right. Follow the on screen instructions to create your account. You will receive an email asking you to confirm your account, which you will need to do before you are able to purchase apps. If you do not receive an email from Limmer Education to confirm your account, please check your spam folder and then contact us if that does not resolve the issue.

The screenshot shows the LC Ready website interface. At the top right, there are links for CONTACT, FAQ, PRODUCTS, and a SIGN IN button. The main content area is split into two panels. The left panel is titled 'Sign In' and includes a link 'Don't have an account? REGISTER HERE.' Below this are input fields for Email and Password, a green SIGN IN button, a 'Remember me' checkbox, and links for 'Forgot your password?' and 'Didn't receive confirmation instructions?'. The right panel is titled 'Create an Account' and includes input fields for Email, Password, and Confirm password, with a note 'Must be a minimum of 8 characters' for the password field. A green SIGN UP button is at the bottom right of this panel.

2

When you purchase a specific app via the Apple or Google app store, you will be prompted to either sign in using an existing LC-Ready account or create an account.

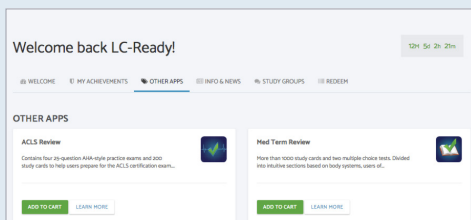

The screenshot shows a mobile app interface for 'Paramedic Review Plus'. At the top, it says 'Welcome to Paramedic Review Plus' and provides instructions on using multiple devices and syncing across devices. Below this text are three buttons: 'Login' (green), 'Create Account' (blue), and 'No, thanks' (white). Further down, there is a section titled 'Apply your Knowledge' with a 'START' button. Below that is a 'Test' section with a clock icon, the text 'Pass the test', and a 'START' button. At the very bottom is a 'HISTORY' button with a dropdown arrow.
