

Creating an LC-Ready account will allow you to view and use your apps on multiple devices, including through the free LC-Ready mobile app. There are three easy ways to create your account.

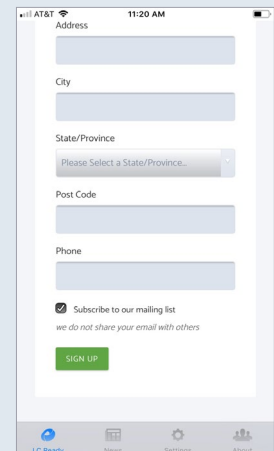

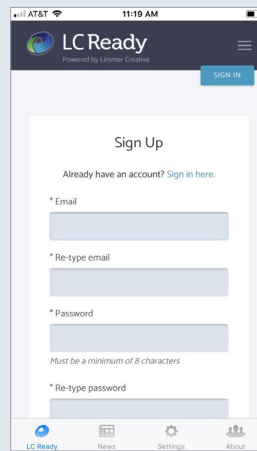

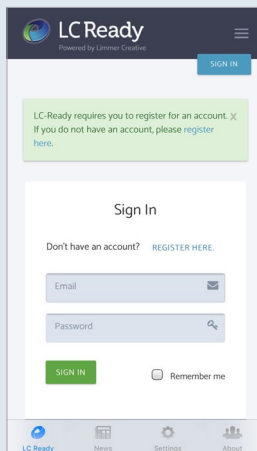

**1**

Go to [LC-Ready.com](http://LC-Ready.com) and click the **SIGN IN** button at the top right. Follow the on screen instructions to create your account. You will receive an email asking you to confirm your account, which you will need to do before you are able to purchase apps. If you do not receive an email from Limmer Creative to confirm your account, please check your spam folder and then contact us if that does not resolve the issue.

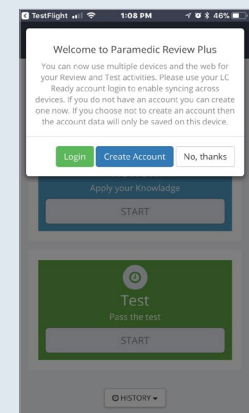

**2**

Download the free LC-Ready app through the Apple or Google app store. Upon opening this app you will be prompted to sign in (use this option if you created your account already at [LC-Ready.com](http://LC-Ready.com)) or create an account by using the **REGISTER HERE** link.

**3**

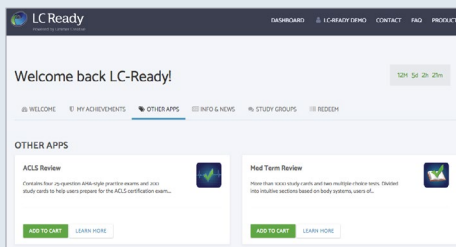

When you purchase a specific app via the Apple or Google app store, you will be prompted to either sign in using an existing LC-Ready account or create an account.

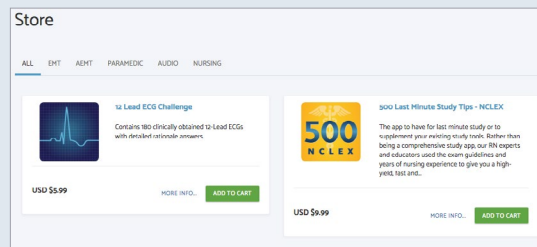

Once you've created your LC-Ready account, there are a few ways to purchase apps.

**1**

Visit [LC-Ready.com](https://www.lc-ready.com) and log in with your newly created account. Click on the **OTHER APPS** tab on your user dashboard to view all apps, except for those you've already purchased, or click **PRODUCTS** in the top right corner of your screen to go to our app store.

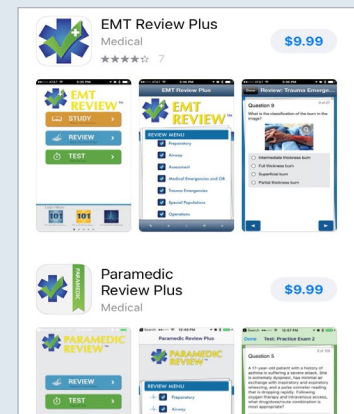

Click **ADD TO CART** to purchase an app or **LEARN MORE** to view a full description of the app.

Filter by EMS level to easily find relevant apps for yourself. Click **MORE INFO** to view a full description of the app or **ADD TO CART** to purchase.

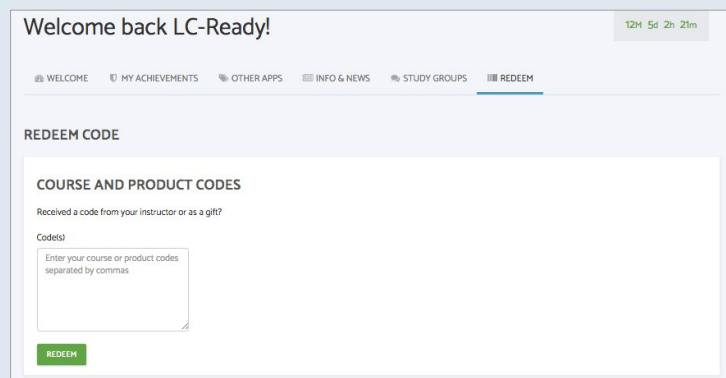

**2**

Visit the Apple (<https://apple.co/2Fhgk9g>) or Google (<http://bit.ly/2E1UVdU>) app store to purchase and download directly to your mobile device.

**3**

If your instructor has made an LC-Ready app a required material, you may have the option to purchase through your bookstore, which will come in the form of a license code. To access the app, log in at [LC-Ready.com](https://www.lc-ready.com) and go to the **REDEEM** tab on your dashboard. Enter the license code in the box and click **REDEEM**.
