

LC-Ready has a variety of ways to use apps – including through a web browser on your computer or mobile device, through the free LC-Ready mobile app, and direct app downloads through the Google Play or Apple app stores. By creating an LC-Ready account you are enabling syncing across all platforms.

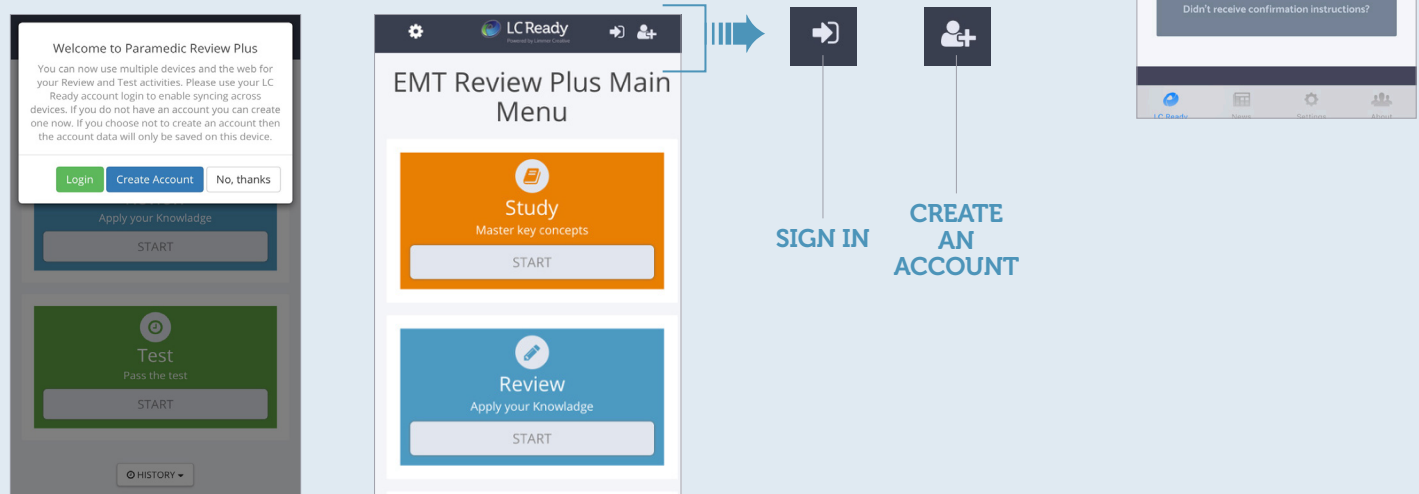

LC-READY.COM AND LC-READY MOBILE APP

When you purchase apps via [LC-Ready.com](https://lcready.com), they automatically become available when you log into the free LC-Ready app on your mobile device. Just sign in and begin studying! You cannot purchase apps within the LC-Ready mobile app – so when you're ready to upgrade to EMT PASS or begin training for your Paramedic license, head over to [LC-Ready.com](https://lcready.com) to purchase additional apps.

The screenshot shows the LC-Ready website interface. On the left is the 'Sign In' form with fields for Email and Password, a 'SIGN IN' button, and a 'Remember me' checkbox. Above the fields is a link for 'Don't have an account? REGISTER HERE.' Below the form is a 'Forgot your password?' link. On the right is the 'Create an Account' form with fields for Email, Password, and Confirm password, a 'SIGN UP' button, and a note that the password must be a minimum of 8 characters. The top navigation bar includes links for CONTACT, FAQ, PRODUCTS, and a SIGN IN button.

GOOGLE AND APPLE APPS

To enable syncing across all platforms, when you purchase via direct download to your mobile device through the Google (<http://bit.ly/2EiUVdU>) or Apple (<https://apple.co/2Fhgk9g>) app stores you must create an account or login to an existing LC-Ready account. If you choose "No, thanks" you will have the option to login or create an account later.
