

All of your purchased apps will appear on the welcome screen upon logging in to LC-Ready.com or the LC-Ready mobile app. From here you can begin using an app, view your history, including completed study cards and review and exam scores, or create a study group.

The bar chart includes your last 30 sessions. Hover over a bar to see what and how you did on a particular day. Click on the green **START** button to begin studying with an app.

Choose **STUDY** or **REVIEW** to master key concepts and apply knowledge by topic, or **TEST** to assess your knowledge across all topics covered in your course.

Be sure to join your classmates in an online study group to enhance your learning and better prepare to pass the NREMT. The **STUDY WALL** will appear when you are using the app, allowing you to ask questions or comment on topics as they arise.

Viewing your **HISTORY** will allow you to see how you've performed in each of your sessions. For example, if you complete Exam 1 at the beginning of your course, in the middle, and then again at the end, your score will be recorded for each of those sessions allowing you to see your progress throughout the course.

The dashboard shows a welcome message and a navigation menu with options: WELCOME, MY ACHIEVEMENTS, OTHER APPS, INFO & NEWS, STUDY GROUPS, and REDEEM. Under 'YOUR APPS', there are two app cards. The first is 'EMT Review Plus' with a bar chart showing performance over time and buttons for 'START', 'HISTORY', and 'CREATE STUDY GROUP'. The second is '101 Last Minute Study Tips - EMT' with a '101' badge and similar buttons.

Choose the section of the app that you'd like to see your usage and performance of from the **HISTORY** dropdown.

The 'EMT Review Plus Review History' page features a 'MENU' button, a 'CLEAR HISTORY' button, and a 'DOWNLOAD' icon. It displays four assessment cards:
